

Catering Areas

inter
tabac

Secure yourself a comprehensive presence of your brand in the catering areas of InterTabac and InterSupply.

The catering areas are well-visited so that your brand will get special attention there. Ceiling dangles can be seen far away from the actual area. Menu holders and menus ensure high perception.

The mention of your company name or your brand as part of the catering area means that you will also appear in the visitor guide's layout plan and other advertising media.

Book now!
